The revision process of the articles of ECA after many meetings and discussions was finalized in spring this year. The new articles were examined by an Austrian lawyer (as ECA is registered in Austria), they were translated to English and sent out to all Board members to discuss them in the respective national association. Deadline for feedback was June 15th, 2016. There were no further objections, so the articles are ready to be passed.

Find the detailed changes in the following table:
